TESTIMONIALS

ST HELENS RFC, UK

St Helens RFC teamed up with O’Neills with a view to making a radical change to the club’s merchandising programme in order to increase sales. This has proved a very positive move for us. Product range and quality has been very well received both by the performance team and the fans, and the responsive service and creative attitude of O’Neills staff has been fantastic. We are already planning new ranges for the New Year and beyond, and with this added flexibility we can confidently buy into product ranges with the peace of mind that minimum quantities will not hold us back. We are looking forward to many successful years ahead with them.

**DAVE HUTCHINSON,
HEAD OF SALES & MARKETING**

ST PETER'S SCHOOL GLOUCESTER

St Peters have worked in partnership with O’Neill’s for the past 13 years. In that time O’Neills have supplied excellent quality, value for money curricular and team wear that the pupils of St Peters are proud to wear. Initially we bought direct from O’Neills and then moved to an online shop when demand became too big for us to manage. The online shop has provided parents with an easy to use shopping portal with all kit in one place. Delivery is fast and efficient and customer service is excellent for parents who have questions. O’Neills is the best sportswear brand I have worked with in my time in teaching. No delays, false promises or excuses just high quality service that adds to the St Peters sport brand.

STUART CRABB - DIRECTOR OF SPORT

NEWQUAY TRETHERAS SCHOOL

We have worked with O’Neills for over 10 years and throughout this period of time they have always given us excellent service and a quality of product that is second to none. They have a clear understanding of the clothing requirements for schools and their entire team has always been very supportive at supplying our sportswear requirements for pupils and staff alike.

**CRAIG RICHARDS,
HEAD OF SPORT**

PRODUCT CONTINUITY

We can manufacture the same jerseys and leisurewear year after year.

SAVE MONEY & REDUCE KIT WASTE

RAPID LEAD TIMES & SECURE MANUFACTURING SUPPLY

GET YOUR UNIFORMS & LEISUREWEAR FAST AND ON TIME

The days of ordering 6+ months in advance are over. Lead time for jerseys is 4-5 weeks. See Delivery & Lead Times section for more details. No need to worry about "global supply chain issues", we make our products in-house in Ireland.

EXCEPTIONAL CUSTOMER SERVICE

WE KNOW WHERE YOUR ORDER IS

Your tireless & dedicated account manager sees everything that happens in our factories and knows where your order is at all times. You are always informed.

WE ARE FLEXIBLE TO MEET YOUR DEMANDS

Meet tight turnarounds for events, make unique products for your club, and offer two online store solutions, are just some of the things we do to go above and beyond for our customers.

QUICK DRYING

This fabric has in-built quick drying technology to keep you dryer and comfortable for longer.

LIGHTWEIGHT

This fabric is lightweight for enhanced breathability and mobility for the weather.

THERMAL REGULATION

Regulates body temperature by absorbing and retaining body heat for lasting warmth.

HIGH STRETCH

A close fit ergonomic fabric with four-way stretch that moves in accordance with the body for maximum mobility.

SOIL RELEASE

Allows water to better penetrate the fabric during laundering to remove dirt and stains more easily.

Environmentally friendly fabrics made in-house REPREVE®

1

Plastic bottles saved that were otherwise heading for waterways and the ocean.

2

Recycled bottles are cleaned, chopped, melted and turned into little plastic chips.

3

Chips are transformed into recycled fibre and then into fabrics from the yarn.

4

Make the smart choice and look for brands that are forward thinking in their process.

At O’Neills we have the ability to produce our K5, K20 and K40 jersey fabrics using **REPREVE®** yarn, a yarn made from recycled plastic bottles.

Each jersey manufactured using **REPREVE®** fabric technology equates to **17-27 recycled plastic bottles**, depending on the size of the garment. Garments can be made using up to 100% recycled yarn.

All **REPREVE®** fabrics made by O’Neills are independently tested as part of the **UTRUST** verification program which is a comprehensive certification program designed to provide customers using **REPREVE®** with the highest level of transparency.

As part of this process our **REPREVE®** fabrics contains **FiberPrint®**, a proprietary tracer technology used to analyze and validate **REPREVE®** fiber content claims and composition.

Each garment manufactured using **REPREVE®** fabric technology receives an **official swing tag** which guarantees a quality garment made from recycled plastic bottles. At O’Neills we continually work on developing new fabrics and production techniques with the aim of reducing waste and our impact on the environment.
